3) It is stated that the progress of Tow. work is slow as steel & cement are not available. Another work reported to be not yet taken up & cannot be taken up soon for want of cement. This appears to be a case of continuing additional establishment though there is not sufficient work till the work for which the establishment was intended is finished. The Govt may be asked to report if it is necessary to continue the establishment under all the above circumstances.

LAW DEPARTMENT, BANGALORE

SIR,

With reference to your letter No L 6615/P 1 10-42-61 dated 6-1-1943 regarding the continuance of the temporary establishment ~~existing~~ consisting of a clerk and a maistry, I have the honour to state that the tower work of the Municipal Office had to be slow or account of the paucity of cement and steel But, the contractor having been since supplied with the same, the work is being pushed through more vigorously and the tower work is nearing completion

Now that the marginally noted works have been sanctioned, and the same have to be taken up and finished early before the close of the current official year The services of the clerk are necessary to attend to the correspondence and the checking of bills relating to all these works, as the same cannot be attended to by the existing staff who are over burdened with work The Municipal Engineer has reported that Divisional Sub Overseer has heavy work and that he cannot be entrusted with the daily supervision of the abovementioned works

1	Construction of compound to the Municipal Offices
2	Constructionof otor Garage
3	Formation of road behind Municipal Offices
4	Treasury strong room

In these circumstances, I request that Government may be kindly moved to accord sanction for the continuance of the temporary establishment for a period of 6 months from 1-1-1943 as resolved by the Municipal Council

I have the honour to be,
Sir,
Your most obedient servant,
